

- 7 Located on the main floor, this fabulous space features 24-foot ceilings showcasing a second-floor balcony with a decorative wrought iron railing. Gold leafed ceiling panels and a majestic cantera stone fireplace heighten the room's unique decadence, while chandeliers and specialty lighting softly accent a dramatic escapade of culture and elegance. Photo courtesy of the project's builder, Desert Star Construction. Other credits include PHX Architecture, interior design by Pawling Design Associates and lighting design by Creative Designs in Lighting.
- 8 This transitional tufted back two-seat sofa by Taylor King features blue accent bolster pillows, blending seamlessly with two whimsical blue croc accent chairs and black, x-base ottomans in this bright and cheerful space, which also features a thick pile area rug and plenty of natural light.
